Please read and sign other side of this application

The following conditions must be met regarding new or existing driveways

1. Driveway side slopes shall be of earth material, covered with black ground and seeded.
2. No concrete or bituminous side slope will be allowed.
3. Side slope grade shall be no less than 3 to 1 as per diagram.

4. The culvert must be a minimum of 5 feet from property line and at right angles to the roadway.
5. The driving surface shall be _____ feet in width.
6. The driveway metal pipe required _____ diameter _____ long.
7. The pipe ends shall be cut on a 3 to 1 taper and aligned with the side slopes. Apron endwalls may be used in lieu of cutting pipe. This will save 6 feet of culvert pipe.

9. A stake, flag or some other identifying marker must be placed on each end of proposed installation. A diagram may be attached to this application.

BLACKTOPPING DRIVEWAYS

Driveways must be graded so that the water is diverted to the sides and not drained onto the highway and low enough to avoid snow removal problems.

CONDITIONS AGREEMENT

In the performance of this work, I will comply with all terms and conditions of any permit that may be issued by the State or County Highway Offices. This permit will expire Sixty (60) days from date of approval. The Town reserves the right to correct any deficiencies that have not been addressed after the 60-day inspection and applicant will be responsible for all costs involved.
